

## Iron County Register

Published in the Postoffice at Ironton, Mo., as second class matter.

E. D. AKE, : : EDITOR.

VOLUME XXXVII. NUMBER 12.

IRONTON, MISSOURI.

THURSDAY, SEPTEMBER 10, 1903.

### LOCAL BRIEVITIES.

Soon be time too put up the stoves.

The dust has been terrible the past week.

This is Autumn, but no Autumn leaves as yet.

The steam thrasher sure clears the road of teams.

There is quite a demand for property at present.

The land offices, the post-office and the bank observed Labor Day.

The dry weather was late in coming but it seems to be here at last.

An occasional car of stock is being shipped from here these days.

The dry weather of the past two weeks has hurt the late corn considerably.

The boys and girls attending school away from home will soon be leaving.

What has happened to the scheme for putting an ice plant in the Valley?

It will be thirty-nine years the 27th of this month since the battle of Pilot Knob.

We are assured that there is still another wedding and, perhaps, two for September.

A freight wreck near Williamsville blocked the track for several hours last Thursday.

Services at St. Paul's church by Rev. Brittan, of De Soto, to-morrow (Friday) evening.

County Court was in session Tuesday and assessed the railroad tax for the ensuing year.

It is said that new steel will be laid on the Pilot Knob and Hogan grades in the near future.

The potato yield this year is good and the price will likely be less than it has for years.

The school at Sabula, Iron county, is to be taught this term by Miss Clara Acomb of Ironton.

Some one broke one of the windows in Baldwin's hardware store Wednesday night of last week.

The Farmington electric road is about to change hands and will likely be completed before long.

It is strange that someone can't be induced to build more houses in Ironton. They are badly needed.

Fredericktown is counting on having a big time next Saturday—the day of the Woodmen celebration.

The first tennis court ever known in Poplar Bluff is about in order for use. Surely they do move slow down there.

W. P. Patterson, a young farmer living in Flat Woods, expects to go to California this fall to make his future home.

The soldiers' dance at the Academy of Music last Thursday night was well attended and proved a very pleasant affair.

W. C. Bopp has removed from his farm west of town to the residence recently purchased from Dr. Harville in Arcadia.

There will be an excursion from St. Louis to the Valley on Sunday, September 20th. This is the last excursion of the season.

Robert Rudy, who purchased the Bopp farm, is building a fine residence thereon. Mr. Rudy proposes to have one of the best places in the country.

Strength and vigor come of good food, duly digested. "Force," a ready-to-serve wheat and barley food, adds no burden, but sustains, nourishes, invigorates.

A dozen students from Washington University arrived at Arcadia from St. Louis Monday evening, and will spend several days in the Valley in surveying practice.

Pete Martin, colored, was arrested in a raid of a crap game at Poplar Bluff Friday night. He succeeded in getting away from the officers while on his way to the calaboose.

Money is a mighty fine thing to have in this world, but to enjoy it you must be "boss" of your money. When money gets to bossing the man what a miserable creature he is.

The pleasing news comes that Miss Jennie Snyder, who has been quite sick in the west end of the county, is greatly improved and will soon be able to resume her school teaching.

Star of the West Lodge, No. 133, A. F. & A. M., entertained its members and families with a barbecue west of town Monday afternoon. A few hours were very pleasantly passed.

A jury in Squire Fairchild's court last Saturday acquitted Arch Casteel of the charge of disturbing religious worship at the Reeves school house on Marble Creek the Sunday night previous.

Chas. M. Hay of Brunot who this year graduated from the law school in St. Louis, has gone to Dallas, Texas, to locate. The young man has many friends who wish him every success.

One hundred and ninety pupils were enrolled in the Ironton public schools Monday. After organization was effected the children were dismissed until Tuesday when the regular work of the session was inaugurated.

Manley Peck sent some very fine and large Irish potatoes to this office this week. Three of the potatoes weigh over four pounds. They were grown on Chas. Russell's place east of town.

W. C. Perkins, the photographer, has but one pumpkin vine in his garden, but he has probably grown the largest pumpkin raised in the county this year. The weight of the pumpkin is 75 pounds.

John Berryman returned last night from a pleasure trip in the west. He joined his wife at Brule, Mo., where she has been spending the summer, and they came in together. —Poplar Bluff Citizen.

One of the Tesoro boys who live on the St. Francis river, brought a hard shell turtle to town one day last week that weighed about ninety pounds. It was shipped to Jefferson Barracks to some of the soldiers there.

Services at the Presbyterian church, next Sunday. Sunday school at 9:30 A. M.; preaching at 11 A. M. and at 7:30 P. M. Christian Endeavor Society meets at 6:30 P. M. A cordial invitation is extending to the public to attend.

The Labor Day picnic at Graniteville last Monday was well attended and the day passed very pleasantly indeed. Good order prevailed and everybody enjoyed the occasion. The ball at night is also reported as a very pleasant affair.

A little deaf and dumb girl by the name of Berry, who lives at Vulcan Switch in the south end of the county, will likely be sent to the institute for the deaf and dumb at Fulton. Her case will be considered by the Probate Court this week.

Mr. Louis Miller has been in quite poor health in his home in Arcadia for the past two months. We hope to report an early improvement in his condition. Dr. Gay yesterday took Mr. Miller to St. Louis, where they will consult a specialist.

The troops that have been at the range for the past month left for Jefferson Barracks Wednesday. We want to compliment the officers and the troops on their splendid behavior during their stay here. A better behaved lot of men have never been at the range.

It is reported that a number of laboring men in Poplar Bluff, who took part in the labor day exercises, were notified, on appearing at the factories where they had been employed Tuesday morning, that their services would no longer be needed. Trouble may follow.

Contrary to previous reports it is now announced that there will be no troops left at the range during the winter months. It is stated, though, that a detachment will be sent here early next spring and some substantial improvements will likely be made on the premises.

We are in receipt of a letter from our young friend, G. C. Whitworth, who is employed in the Auditor's office of the Missouri Pacific Railway in St. Louis. Golf is well pleased with his situation and his many friends will be glad to know that he is getting along very nicely indeed.

We are glad to state that merit has been recognized and that Mr. Ed. Allen has been promoted to conductor on the Iron Mountain railroad. His run will be, so we are informed, from Piedmont to Hoxie, Ark. The D.-N. wishes him the best success. —Fredericktown Democrat-News.

Arthur Spauha, who has been eluding the officers here for the past month or more, was arrested by the police in St. Louis Tuesday. In response to a telegram from the Chief of Police, Constable Marshall went to St. Louis that evening and Wednesday returned with Spauha, who is now in jail here.

While in St. Louis last week the writer made a call on Mr. T. F. Walsh in his office in the Southern Hotel building. Mr. Walsh says that in a business way he is getting along very nicely, but that he and Mrs. Walsh often wish that they were back in their comfortable home "mid the rocks and the hills of Iron county."

The editor is lately in receipt of a letter from his young friend, J. W. Clarkson, who is now located at Clark's, La., where he is employed by the same people as operate the big lumber plant in Carter county. Mr. Clarkson intimates that some of these days his company may send him to the Pacific coast, the greatest timbered country in the world. Walter's friends will be glad to hear that he is prospering.

The Second Squadron, Eight Cavalry, has been down at the Arcadia Target Range for nearly a month, and they expect to finish up their annual target practice within a few days, and commence the march back to this post, which they will probably reach about the 12th instant. As they had completed their pistol practice before going to Arcadia, their stay there was much shorter than was that of the Third Squadron, Fourth Cavalry. We shall be glad to see our troops back and have the garrison at its full strength once more, with the exception of Troop K, 4th Cavalry, which has already proceeded to West Point, Ky., in connection with the maneuvers to be held at that place. —Regimental Standard.

Altogether, there was shipped out of Dunklin county this season, over the Gulf (Frisco) road 650 car loads of watermelons, and this is not half as many loads as could have been shipped. The season was late, here, and melons from Indiana and other states, with lower freight rates, supplied a demand that our people calculated on filling. Then the buying seemed to be in a trust to keep down prices, and many raisers did not cut their melons after prices dropped below

\$50 per car. Growers will have to do something by next year, to obtain better prices. Some suggest that a competent and honest agent must be sent ahead to contract melons, and that growers must trust him, or remain at the mercy of the pooling buyers or dishonest commission men. —Dunklin Democrat.

The REGISTER job department this week printed for Rev. Geo. Steel some souvenir copies of the Minutes of the First Anniversary of the Jefferson County Baptist Association held with Bethlehem Church, September 9, 1854. The original is quite a curiosity and is among the things ancient. We reproduce the following taken from the report on Missions: "Report of Missionary operations for 1854, in Jefferson County Association, by Elders Hodge and Williams. Traveled six hundred and twenty miles; occupied thirty-four days; preached one hundred and thirteen sermons; witnessed the conversion of sixty-five persons; joined the Churches, fifty-four; baptized, thirty-four. Prospects are no flatter, that we can truly say that the fields are white unto the harvest."

The oldest mines in America are the lead and nickel mines at Mine La Motte, in Madison county. They were worked by the Indians as early as 1728 and have been in operation ever since. The Indians carried the ore to Ste. Genevieve where it was traded to the French and German settlers for beads and calico. These mines were later worked by the Spaniards and were finally acquired by a French nobleman, La Motte, after whom the mines were named. During the Revolutionary war a large part of the bullets used by the colonial soldiers were made from the lead from these mines. An interesting exhibit of the Missouri commission at the World's Fair will show the primitive tools used in mining in the early days. Among them is a wooden spade supposed to be more than 100 years old, which is now in the possession of a citizen of Fredericktown. —Lead Belt News.

Something like two weeks or more ago a man happened into the Bellevue and Graniteville neighborhood and said his name was Wm. Hall. He said that he came from Tennessee, where he had recently sold out and that he wanted to buy a farm. He claimed to be the uncle of Wm. Hall at Graniteville and Arch Hall at Arcadia, though these latter gentlemen knew him not. The Tennessee man looked at several farms in Bellevue but finding nothing to suit him he came to the Valley and closed a deal for the Socrates Newman farm west of town agreeing to pay \$7,000 for it. He claimed to have the purchase money right at hand but delayed, from time to time, the payment of the same. After repeatedly failing to do what he said he would, Wm. Hall of Tennessee walked out of town last Monday morning. And now the people here who tried to do business with him are of the opinion that he is a fake. And we would not be surprised if they are right in their calculations.

The following, telegraphed from Jefferson City to Wednesday's Republic, is of some local interest: "Judge Marshall of the Supreme Court to-day granted an application for a writ of prohibition against Judge Frank Dearing of the Twenty-first Judicial District to restrain him from proceeding further in the case of the Southern Missouri Pine Lumber Co. The writ is made returnable to the Supreme Court Oct. 13th. A suit was brought before Judge Zachritz in St. Louis by the lumber company against Wm. Crommer, William F. Crommer, E. P. Ewart, E. S. Newhouse and S. J. Malugen to prevent the sale of some notes amounting to \$16,000 held by them for land purchased by the company. The defendants won in the Circuit Court, and the case came up to the Supreme Court on appeal. Pending action by the Supreme Court the defendants went into the Circuit Court of Wayne county before Judge Dearing and asked that a receiver be appointed for the lumber company. The application for the writ to-day is to prevent the carrying out of the effort to place the company in the hands of a receiver."

WANTED.—Woman cook, also girl for general housework, good wages. Apply to Mrs. A. C. Lindsay, 2651 Washington avenue, St. Louis, Mo.

### PERSONAL.

W. R. Edgar is in St. Louis this week. Rev. Geo. Steel went to St. Louis Monday. Rev. Brittan, of De Soto, was in Ironton last week. Miss Lottie Prince is home from a visit to Lamar, Mo. L. C. Chambers and family, of St. Louis, are in Ironton. Mrs. A. F. Bond and Franco went to St. Louis Monday. Mrs. Joe Cox is visiting relatives in New Madrid county, Mo. Mr. R. E. Purkiss, of Irondale, spent Sunday with his family. Mrs. Louis Schultz arrived in Ironton Sunday on a visit to relatives. Mrs. R. E. Purkiss is visiting her daughter, Mrs. J. F. Russell, in Flat River. Mrs. John Hamby, of Madison, Ill., is the guest of her aunt, Mrs. A. P. Vance. Miss Mable Reyburn left Monday for Fredericktown where she has a position as teacher in the Methodist College. Harry B. Ake and children left Sunday for Marianna, Ark., where they will spend a couple of weeks before returning to their home in Little Rock. Graham Flour and Middlings at Ironton flour mill.

### Masonic Outing.

I was one of the wise, by reason of being lucky enough to have a "worse half" belong to the noble order of Free and Accepted Masons, to attend a little outing a mile southwest of Arcadia, which was a success in every respect.

The Knights of the Golden Fleece in ancient times met on the highest hills and in the lowest valleys to perform their mystic rites. On this occasion, however, they came out in the open in a nice little grove shaded by big spreading butternut trees, on a velvet sward, where we were invited. We found a table loaded down with barbecued meat and all necessities to satisfy the inner woman.

The Budweiser band furnished such sweet and intoxicating music that friends intuitively decoyed the good parson a respectful distance, while young and old, during a short interval, tripped the light fantastic on nature's carpet. Every one seemed well pleased except Mr. Trauernicht, who lamented the missing Budweiser. I am authorized to speak for all the ladies present that this was one of the most enjoyable affairs that it has ever been our pleasure to attend, and we will insure the Knights of the Golden Fleece that we will never miss one of these annual outings, where we hope to meet upon the level and part upon the square. X.

FOR SALE.—Reed Bros. of Des Arc, Mo., are now selling their nursery stock, namely apples, peaches and pears, at a great reduction. Apple trees, first-class, all varieties, two years old, four to six feet high, 10 cents each or \$80 per 1000. Prices on other stocks in proportion. Any one desiring fruit trees would do well to call on or address J. T. REED, Des Arc, Mo.

### A First-Class Fake.

William Hall, a man about 75 years of age, who said he came from Knoxville, Tenn., came to Graniteville, Mo., about three weeks ago. He came to William Hall's house at Graniteville and claimed to be a cousin. He selected a ten thousand dollar farm and wanted his cousin (Wm. Hall of Graniteville) to take charge of it at once. Mr. Hall, of Graniteville, accepted the good offer. After leaving Graniteville he came to my house at Arcadia. After staying a few days he told us that he had bought the Dr. Newman place. He wanted me to take care of him the rest of his life and have the deed made out so that the place would go to me at his death. I found out from my mother that he was no relation to me whatever. I am the loser, in place of the gainer, of two weeks' board and \$1.00 in money. He beat Mr. Tual out of a \$25.00 pair of shoes. He left my house on Monday morning and I haven't heard of him since. I suppose he caught a side-spor sleeper and is bound for Tennessee. ARCH HALL, Arcadia, Mo., Sept. 9, 1903.

Our price on shoes is right when you consider quality. H. Barnhouse.

### Iron County Teachers' Association.

Since the Institute has been abolished and an Association substituted in its stead, it becomes the duty of every teacher to interest himself or herself in this work and try to make the new undertaking a success. There is a responsibility upon the hands of every teacher in regard to this Association, and it is to be hoped none will shrink. Teachers, this work is to help you, it is to broaden your views, to give you new ideas, and to give you lessons that you may carry home with you and use in your schoolroom. At this Association you will meet your fellow-teachers in exchange of ideas and you will also meet some of the most prominent educators of the State of Missouri. We have spared no pains to arrange a programme which will be interesting as well as instructive. During the three days' session we are to have lectures by four prominent and able schoolmen. If your duty is performed, you will receive a certificate of attendance which will entitle you to your regular salary for two days' work. I trust that every teacher will attend; and show that he or she is trying to do something for the profession and not traveling in the ruts of years gone by. Remember the dates, October 1-3. Programme will be published next week. Very Respectfully, O. J. BUFORD.

### Obituary.

Died at her home in Iron Mountain, August 23, 1903, Mrs. Julia Morris, the beloved daughter of Stephen Huff, aged 38 years, 1 month and 28 days. She was taken sick last November with that dread disease consumption. She leaves a husband and seven children to mourn her loss; also three sisters, four brothers, a father and a host of friends, who hope to meet her in the realms beyond, where there is no more pain or sickness. She was a member of the Baptist church some thirteen years and died rejoicing in the triumph of her faith. She told her many friends that she was nothing to compare with the blessed world of glory, and that her time seemed so long before she could go home to Jesus. Loved ones, in your sorrow remember our loss is her eternal gain, and heaven is richer for her presence. Then think of her as an immortal flower taken from earth to bloom in the sweet fields of Eden. She's safe within her father's house, Where many mansions be; Oh, pray that thus rest may come, Dear hearts, to thee and me. A SISTER.

### School Board Proceedings.

IRONTON, MO., Sept. 6, 1903. Board met; Wemp, Baldwin, Russell, Kendall and Whitworth present. Minutes of last meeting approved. Bill of \$4 allowed for cleaning school yards; also paid Mrs. Reed \$10 for cleaning school rooms, and Mrs. Brannum \$2 for cleaning colored school room.

President appointed a committee to negotiate the purchase of an organ for room No. 4. Also appointed a committee to see about making a new bookcase, limit price, \$6. Bill for slate blackboards and freight allowed and ordered paid, amount \$22.50.

New manual adopted after changing clause on tuition of foreign scholars to read \$2.00 per month, instead of \$1.50. Board then adjourned.

W. H. DELANO, Sec'y.

### Summer Excursions.

Unusually low rates to Colorado, Yellowstone Park, California and the great northwest. Descriptive matter and full particulars Union Pacific R. Co., 903 Olive street, St. Louis, Mo.

### Des Arc Items.

Quite a number met at the cemetery last Saturday for the purpose of cleaning it off. By noon everything in the form of weeds and grass had fallen victim to a sharp scythe. Thanks to those who could not come and help by work, but contributed; and to those who did not come and work nor contribute, we can't say quite so much. The afternoon services, conducted by Revs. Alcorn and Seals, were well attended, not only from Des Arc, but from Piedmont, Brunot and the surrounding neighborhood.

There was quite an exciting game of ball played here Sunday between the Des Arc team and Keener. The Des Arc boys started out in good shape, but as it was their first game this season, and no practice, the Keener boys finally won the game, the score being 18 to 19. The Des Arc team will play them again in the near future.

John Stevenson and family spent several days last week on the river fishing. There were six families in the crowd, four wagons, two buggies and six bicycles; sixty-six people in all. They caught over 100 pounds of fish, one weighing twenty-four pounds. They spread dinner on the ground, which included coffee, cakes, pies and fish. It was a very pleasant occasion and they expect to go again if the weather keeps warm.

I met my old friend Dick Loyd last week at Annapolis; he said they had a very shameful occurrence on Black River. The neighbors met to clear off the graveyard, and that two men had a fight, one of them being severely injured. John Tucker and wife, of Keener, spent Sunday in our town. George Smith, wife and baby went to Ironton Saturday to visit relatives.

Miss Anna Morris visited friends in Ironton last week. Clarence O'Neal and Herbert and Gladys Lucy came up from Mill Spring Sunday.

Dr. N. A. Farr and wife attended lodge at Annapolis Monday night. Mr. and Mrs. James Pate spent Sunday with relatives at Patterson. Miss Mollie Brewington came out from Brunot Friday to visit relatives.

Misses Lina Farr, Carryo Wray, Ora Lovelace and Alice Long attended a dance at Annapolis Thursday night. Our school commenced here Monday with Mr. George Smith principal, and Miss Flora Lunna assistant. We hope there will be a good attendance this term, and wish the teachers success.

Rev. Trotter will hold services in the M. E. church here Sunday. ISAAC.

### Goodland Items.

Everybody is so busy attending to their own business, making molasses, saving fodder and sowing wheat, that there are no news items this week.

Trautman & Brooks are making molasses.

S. L. Brooks is hauling hub logs to Lesterville.

Sol. Nelson and daughter, Florence, have gone to Flat River to engage in mercantile business. Mr. Nelson has not yet decided whether he will close out his store on Clayton.

Miss Love attended the wedding of her friend, Miss Bertha Arsmann, who was married last Sunday to Mr. Lands; both of Reynolds county.

F. M. Adams spent a few days with his family at Goodland the last of the week.

Mrs. Snyder visited her daughter, Miss Jennie, last Saturday and Sunday, and was glad to find her improving every day, though she is still quite seriously ill. Miss Jennie wishes to return her thanks to friends in Ironton and at Goodland, who have called on her and sent her so many kind remembrances in the way of letters, flowers and books.

Revs. Chester and Brooks left Goodland on Thursday for Brushy, where they will hold a protracted meeting.

Misses Lucy Adams and Effie and Ina Johnson spent a few days lately with Dr. Adams.

Mr. and Mrs. Albert Turner were guests of Mrs. Amy Adams last Saturday. PAULINE.

For bicycle repairs and repairing go to Albert.
